

News for Immediate Release

Electrovaya Signs Working Capital Facility Loan Agreement with one of Canada's Largest Banks

Toronto, Ontario – July 19, 2016 – Electrovaya (TSX:EFL) today announced that it has entered into a definitive loan agreement with a top three Canadian Chartered Bank for a US \$10 million (Cdn \$13 million) credit facility. This facility will support Electrovaya's growing business and working capital needs for its recently announced customer agreements.

The facility, which is subject to certain terms and conditions, is expected to close once security arrangements have been put in place.

Commenting on the facility, Electrovaya Inc. Chairman and CEO, Dr. Sankar Das Gupta stated “We are very pleased to have this working capital facility as it provides the necessary funds to ramp up our production and meet the demands of our growing customer base. The bank has conducted an extremely thorough due diligence focusing on our recently announced agreements and with their support we look forward to continuing on our rapid growth path”.

Forward-Looking Statements

This press release contains forward-looking statements, including statements that relate to, among other things, revenue forecasts, technology development progress, plans for shipment using the Company's technology, production plans, the Company's markets, objectives, goals, strategies, intentions, beliefs, expectations and estimates, and can generally be identified by the use of words such as "may", "will", "could", "should", "would", "likely", "possible", "expect", "intend", "estimate", "anticipate", "believe", "plan", "objective" and "continue" (or the negative thereof) and words and expressions of similar import. Although the Company believes that the expectations reflected in such forward-looking statements are reasonable, such statements involve risks and uncertainties, and undue reliance should not be placed on such statements. Certain material factors or assumptions are applied in making forward-looking statements, and actual results may differ materially from those expressed or implied in such statements. Important factors that could cause actual results to differ materially from expectations include but are not limited to: general business and economic conditions (including but not limited to currency rates and creditworthiness of customers); Company liquidity and capital resources, including the availability of additional capital resources to fund its activities; level of competition; changes in laws and regulations; legal and regulatory proceedings; the ability to adapt products and services to the changing market; the ability to attract and retain key executives; and the ability to execute strategic plans. Additional information about material factors that could cause actual results to differ materially from expectations and about material factors or assumptions applied in making forward-looking statements may be found in the Company's most recent annual and interim Management's Discussion and Analysis under "Risk and Uncertainties" as well as in other public disclosure documents filed with Canadian securities regulatory authorities. The Company does not undertake any obligation to update publicly or to revise any of the forward-looking statements contained in this document, whether as a result of new information, future events or otherwise, except as required by law.
